

Wally Dalbey
ExxonMobil Biomedical Sciences, Inc.

Wally Dalbey has a MA in zoology from Duke University and a PhD in environmental health from Kettering Lab at University of Cincinnati. He is board certified with ABT since 1984. Dalbey worked in inhalation toxicology at Oak Ridge National Lab for 8 years. Then he was at Mobil (subsequently ExxonMobil) for 26 years, heading the inhalation toxicology lab as well as other activities. Dalbey recently retired in July and is currently doing some consulting.
