

**Dr. Robert M. Gresham**  
**Director of Professional Development**  
**The Society of Tribologists and Lubrication Engineers**

---

Dr. Gresham received his Ph.D. in Organic Chemistry in 1969 from Emory University in Atlanta. His technical concentrations include molecular photochemistry, emulsion polymerization, size reduction, and solids classification as well as the field of lubrication. He gained 12 years of practical experience with the Dupont Company in a broad range of functions including manufacturing, customer service, and polymer and dye research. He has 17 years experience in the field of lubrication as Vice-President of Technology with E/M Corporation a manufacturer and applicator of solid film lubricants. He was responsible for new product development, quality control, pilot plant production, and grease and oil manufacturing. He has been a member of STLE for 20+ years, serving as Chairman of the Solid Lubricants Technical Committee, Chairman of the Aerospace Industry Council, Industry Council Coordinator, the Handbook Committee, the Board of Directors, Treasurer and Secretary of the Society. He has also served on several ASTM and SAE committees concerned with standards and specification development. Dr. Gresham is currently Director of Professional Development in responsible for STLE's education and certification programs.
