

**Carol L. Poole, BSPH, MS, RPIH
CLP Solutions, LLC**

Carol has 20 years experience in the Occupational Safety and Health field. Prior to forming her own consulting company, Carol was the Health & Safety Specialist for Quaker Chemical, the Safety representative for PECO Energy, and the Industrial Hygiene Manager at Rohm & Haas, Bridesburg Plant which are all located in the Philadelphia area.

Carol received her BSPH (Bachelor of Science in Public Health) from West Chester University, in West Chester, PA. She also earned her Master's Degree in Industrial Hygiene from West Chester University. Carol is a Registered Professional Industrial Hygienist.

Carol is an active member of the American Society of Safety Engineers – ASSE, the American Industrial Hygiene Association – AIHA, the American Conference of Government Industrial Hygienists – ACGIH, and the Association of Professional Industrial Hygienists – API.

While serving as a member of ILMA's SHERA Committee, Carol spearheaded the formation of the ILMA-OSHA Alliance. The Dermal Assessment Guide was created by the Dermatitis Task Force (a working group of the SHERA Committee) as an ILMA-OSHA Alliance outreach project.
