

Leonard Rossmoore
Biosan Laboratory, Inc.

Leonard Rossmoore is Vice-president & General Manager of Biosan Laboratories, a company which he founded with his late father, Dr. Harold Rossmoore, in 1973. Biosan is a microbiological testing lab specializing in services, consulting, and test kit production and sales. Mr. Rossmoore has a degree in Microbiology from Wayne State University in Detroit. He has over 35 years of experience working in the field of metalworking fluid microbiology as well as other aspects of microbial contamination protection. He has authored or co-authored numerous technical papers and articles discussing a wide range of subjects in the realm of microbial degradation prevention. Mr. Rossmoore is a member of ASTM, STLE, ILMA, NACE, AWT, and SIM. One of his current areas of interest is the passage of ASTM standards dealing with mycobacteria in metalworking fluids.
