

**Rhonda Vance-Moeser**  
**The Dow Chemical Company**

---

Rhonda Vance-Moeser (pronounced Mayzer) is a Senior Regulatory Specialist with Dow Biocides. She graduated with a degree in chemistry from the University of Missouri Kansas City and attended graduate school at the University of Nebraska. Prior to joining Dow she worked in industry in the areas of water treatment and information management. As part of her Dow career she has held positions in Research and Development (R&D) with chelating agents, focusing on boiler and cooling water treatment. While in R&D for glycol ethers her focus was on coatings and cleaners. She has been in her current position since 2001 where she has responsibility for product stewardship and pesticide registration for a number of products including ortho-phenylphenol.
